Jane Addams Middle School

- JAMS -

Dream Big

We need your support to
build Phase 1 of the
Landscape Master Plan.

A volunteer group of parents, students, staff, neighbors, and community members have developed a cohesive, functional landscape master plan for the 69 year old Jane Addams Middle School (JAMS) site.

JAMS is utilized by over 900 NE Seattle students and over a dozen community athletic organizations for school and recreational play.

Join the team!

JAMSDREAMBIG@gmail.com

Why?

The Jane Addams Middle School campus is heavily used by both the school and our community. Our goal of Phase 1 will improve safe passage to and from the athletic fields and school main entrance by building two new staircases, planting containers and seat walls on the steep, eroding hillside.

Who Uses This Site?

- **Seattle School District**
- **Soccer:** Seattle Celtic, Puget Sound Premier Soccer League, RATS League, WSWSA
- **Football:** Brave Pride Junior Football, Emerald City Football Club, Pick 6 Sports
- **Baseball:** North Seattle Baseball Association, RUG LL
- **Ultimate Frisbee:** Disc NW
- **Lacrosse:** Northeast Seattle Boys Lacrosse, Coopers Lacrosse, Queen Anne Lacrosse Club
- **Sport spectators**
- **The Meadowbrook Community**

Jane Addams Community Stair Project

Phase 1

The new plan will:

- Create a wide pedestrian and cyclist friendly staircase that will eliminate the aptly named Slippery Slope at JAMS
- Provide safe and functional pedestrian access to over 900 students and visitors each day
- Add a bicycle runnel and handrails
- Plant new trees and create native planting beds
- Provide seat walls and incorporate community artwork
- Positively impact students and community members immediately
